Occasionally we have had someone interested in buying a quilt. Our show is not for selling but if you would like, we could contact you with the interested person's information and then you can decide if you want to sell. However, if you tell us NOT FOR SALE, we will mark the quilt accordingly. We will NOT be marking on quilts in any way.

Quilt Entry deadline: _____

Pick up of quilt by: _____

Any quilt left after: _____ will be auctioned and proceeds given to the Friends of the Library account.

We will make every effort to ensure that your quilt will be safe during the show. A RFID filament will be placed on each quilt with no damage to the integrity of your quilt. If you do not want that done, it is your responsibility to let us know before we place the quilt for display. The library is locked each night and while it is open they will be under staff surveillance.

I have read and agree to the above terms.
